

MG TF 85th Anniversary

Pure Driving Exhilaration

1924 - 2009

**There's something to celebrate. Something exciting. Something fun.
Something British. It's the 85th Anniversary of the MG marque.**

Yes, we're doing it in true MG style. We're honouring this milestone in motoring history, the incredible achievements on road and track, the beautiful iconic cars and the fact that MG cars are still made right here in the UK by MG Motor. We're marking the occasion with the launch of a limited edition MG TF 85th Anniversary.

The MG TF 85th Anniversary is truly a driver's car. A car for the connoisseur. For people who take their fun as seriously as they take handling and performance. Who love that wind-in-the-hair experience of top down driving.

The MG TF 85th Anniversary has the classic mid-engined rear wheel drive layout for near 50:50 weight distribution. And the 1.8 litre multipoint fuel injected engine. Of course, the MG TF 85th Anniversary has to be a really special car to mark the occasion. Which is why it benefits from a special suspension and handling package making it even more sure-footed and responsive through bends, more controlled and confident than ever.

It looks special too. Really special. There are 3 spectacular metallic body colours - Enigmatic Silver, Intense Cassis and Ice White. All 3 colours unique to the MG TF 85th Anniversary. And there are head-turning, rally-style asymmetric stripes running purposefully over the bumpers, bonnet and boot. And new breathtaking, boron finish "Twist of Pepper" alloy wheels. Plus "85" decals on both doors and on the rear. And that's just the outside.

Inside are stunning Aubergine leather seats with matching door casings. "85" logos are to be found on the chunky alloy gearlever knob and sill tread strips. A windstop is thoughtfully provided too. Then when you want to ease back on the throttle and chill, you just flick on the air conditioning and that classy CD tuner ICE system. Cool music to your ears.

The MG TF 85th Anniversary. A real excuse for a celebration.

TF 85th Anniversary Specification

Mid engine, rear wheel drive configuration

Engine & Transmission

N Series, 1.8 16v 4 cylinder dohc
Engine Capacity: 1796cc
Power: 135PS/99.3kW @ 6,750rpm
Torque: (NM/rpm) 165 NM @ 5,000rpm
0-60mph: 8.4 secs
Top Speed: 127mph/205kph
Five speed manual gearbox

Brakes

Front: ventilated front discs and 4-pot callipers
Rear: solid discs and callipers
Electronic anti-lock braking system

Suspension

Independent suspension all-round
Coil springs and gas filled mono-tube Bilstein® dampers. Equipped with Eibach® uprated Sports anti-roll bar set
Double wishbone front and multi-link rear suspension

Steering

Electronic speed sensitive power assisted steering
Tilt adjustable steering wheel

Safety

Driver's airbag
Passenger's airbag
Height adjustable head restraints
Door side intrusion beams
Seat belt pre-tensioners activated by airbag electronic control unit
High tensile steel tubes in windscreen pillars
Impact absorbing front and rear end structure
Laminated windscreen
Centre high mounted stop lamp

Locking and Security

Remote central door and boot locking with superlocking
Locking fuel filler cap
Key and remote operated boot release
Bonnet release located in boot
Thatcham category 1 perimeter/volumetric anti-theft alarm and immobilisor

Fuel

Recommended Fuel: 95 RON unleaded
Fuel tank capacity: 55 litres

Kerb Weight

1180 Kg

Heating and Ventilation

"On/off" air conditioning with recirculation control, 4 face vents and 4 speed fan

Interior

Aubergine Leather seat facings and bolsters
Silver finish/aubergine door inserts

Tonneau cover

Wheels

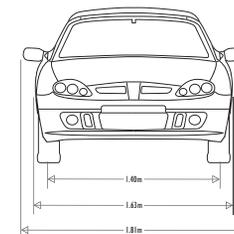

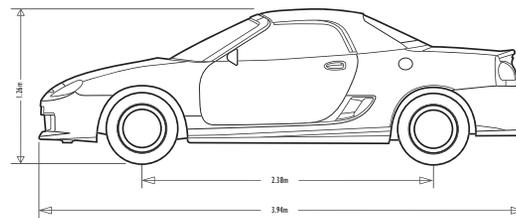

16" "twist of pepper" alloy wheels in Liquid Boron finish manufactured by Rimstock®
Instant mobility system comprising sealant gel and electric pump
Front tyres: 195/45 R16
Rear tyres: 215/40 R16

In-car Entertainment

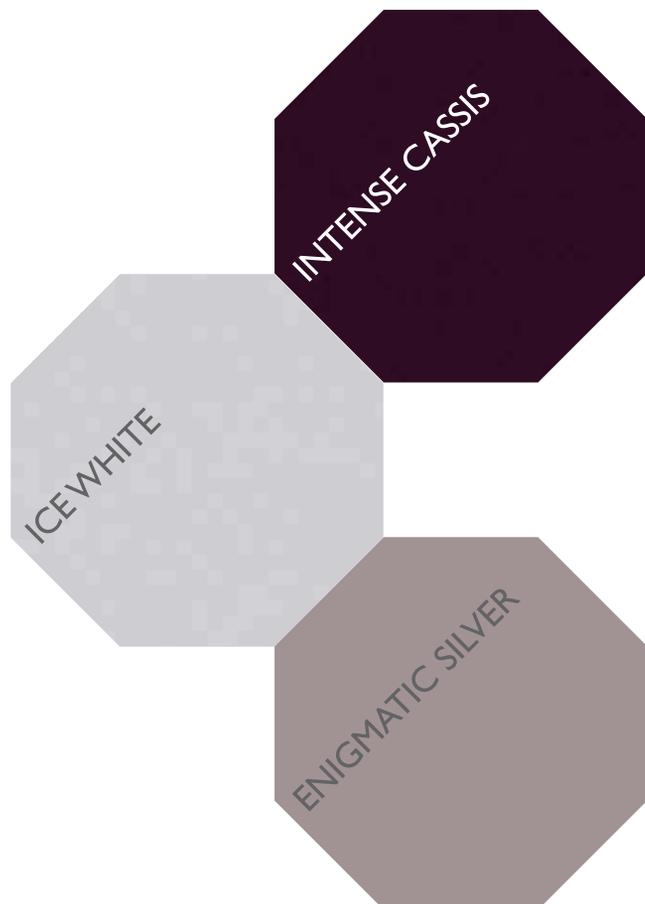

Clarion® single slot CD/Tuner with MP3 connectivity
2 front speakers and tweeters, 2 rear speakers
Rear mounted aerial

MG TF 85th Anniversary fuel consumption
- mpg (L/100km): Urban: 25.4 (11.1),
Extra Urban: 46.3 (6.1), Combined: 35.8 (7.9).
CO₂ mass emission (combined) 185 g/km.

The fuel consumption figures were obtained in tests carried out in line with the Passenger Car Fuel Consumption and CO₂ Emissions Information Regulations 2001 (Reflecting EU Directive 80/1268/EEC as amended by 2004/3/EC). However under normal use, a car's actual fuel consumption figures may differ from those achieved through the test procedure, dependant on driving technique, road and traffic conditions, environmental factors and vehicle condition.

TF 85th Anniversary Body Colours

Important Notice: MG Motor UK Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up to date literature, this UK market brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle.
