25

Rover have introduced a range of child seats which have been specially selected to provide maximum comfort and protection for children of all ages on any journey, as well as offering peace of mind.

All our selected seats have been designed for you and your child and are the best fit for your Rover car. Through continuous research, development and innovation, Britax have created an infant or car seat for every need, from newborn to children aged 11.

All child seats have been extensively tested to meet all relevant European standards and have been given the Rover seal of approval.

### Please note:

Remember it is the weight of your child, not the age, which determines which type of seat is most suitable for your child.

Rover recommend that parents do not fit any child seat on a front passenger seat equipped with a passenger airbag system.

For further assistance please speak to your Rover Dealer.
